You will need to close all of your browser windows, not just Surplus Lines Associates pages, and re-enter the site

To determine which State was the first state page  
Look at the back button of the browser. If it is  
"active" as shown, then you are on the first state  
page you opened.

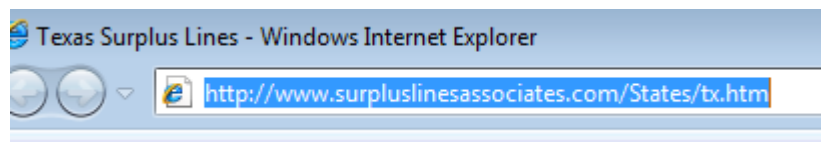

You can access your account profile by clicking the  
back button

If the back button is disabled (greyed out) you can  
close the page and open another state from the  
map page

**Shortcut** - You can go to another state page by changing the 2 position state code in the URL.

Example: To go to Florida change the tx to fl and hit enter (lower case)
